

March 3, 2008

Dear Parents,

WOW! March is here already! In Michigan we used to say if March comes in like a lion, it will go out like a lamb, or vice versa. However, in the Rocky Mountains there's seldom any "lamb" involved when it comes to weather in the month of March. That goes for the calendar of BVHS activities as well. This month we roust everyone from our winter semi-slumber with a calendar full of events:

- **CSAP** testing begins at the high school March 4. The **sophomores** will be taking the Science portion of the test on Wednesday, March 4. They will be joined by the **freshmen** for testing in Reading, Writing, and Math on Wednesday and Thursday, March 5 and 6 and again on Tuesday, March 11. **It is imperative that every student be present for these test dates and strive to do their very best.** For testing details look for further information coming out of the high school Guidance/Counseling office.
- **ALL JUNIORS** will be participating in an **ACT PREP** class during the CSAP testing times on March 5, 6, and 11. These days are designed to help improve personal ACT scores for college entrance and the state mandated test in April. **Attendance is mandatory.**
- The end of the third quarter is Friday, March 7. Progress Reports will go out the following week.
- The **Girls and Boys Varsity Basketball** teams will be competing in State Regional games on Friday, March 7 and, with a victory, playing again on Saturday, March 8. As we continue to win we'll be heading to Ft. Collins for the State Quarter Finals through the Championship game at CSU March 13-15. Call the high school athletic office at 395-7102 for details.
- **Track, Baseball, and Girls Soccer** practices have already begun. Their seasons will be in full swing by mid-month (if the snow ever melts off the fields and track!). Stop by the athletic office for schedules for our spring sports.
- The music department's **Solo/Ensemble Concert** is Monday, March 10, 7:00 p.m.
- The week of March 24-28 is **Spring Break**. School will resume on Monday, March 31.

The Guidance/Counseling office is also hoping to get an early jump on registering students for classes for the 2008-2009 school year. Look for more information coming out of that office soon. If you have any questions about your student's high school course plan or if you would just like some advice about what classes he/she should be taking, please feel free to set up an appointment by calling 395-7104.

Have a great March!
